Postpone Question of Discontinuing Use of Present Emblem.

Though in favor of dispensing with wearing of elk teeth as an emblem of their order, if the reported wanton destruction of elks can be traced to this demand. Washington Lodge, B. P. O. E., at last night's meeting did not take decided action in the matter. It was stated that the Grand Lodge of the order is to meet in annual convention in July in Philad Iphia, and that the question of discontinuing the wearing of the elk tooth symbol will be taken up then and finally disposed of. The subordinate lodges throughout the country will follow the action of the superior lodge, and until then nothing can be done by the locals.

Grand Exalted Ruler Melvin recently sent a circular letter to all lodges, inclosing a copy of a letter of President Roosevelt, in which he called attention to the alleged destruction of elk by men gathering elk teeth to supply their demand as emblems of the order. There are about 290 of the Washington members wearing the emblem, and the order numbers about 530 in this city.

COTTON MARKET.

Quotations furnished by Dick Bros. & Co., members of the New York and New Orleans cotion exchanges, Mil H street northwest.

New York, April 24.—The cotton market showed a marked improvement immediately after the opening. Liverpol spots advanced sharply, although futures were quiet and not up to expectation. Heavy buying of the near menths in anticipation of the stopping of notices on Friday, the first notice day for May, caused an improvement, and, as the market had been sold heavily by ring traders yesterday, covering was enough to put prices up 8 or 9 points over last night's closing. The strength of the market just now is the spot situation, as the near months are steady, although the short interest is believed to be of moderate proportions. The weather was somewhat more favorable, although the forecast for the Western belt calls for showers and colder. Southern spot steady and unchanged. Port receipts, 9,700 bales; last year, 11,556 bales; exports, 12,500 bales.
